

GET COLLEGE GOING→

High school parents work hard to match a student's wants, aspirations and profile to a college that fits. Applications are submitted, Acceptances received and deposits sent it in. The house echoes with the words, I'm going to college! When do you move in?

The truth is that for many students the reality of finally being away from home can be a huge shock to the system. Some students may struggle seeking out assistance. For others, it may not be so easy.

Campus Check-In Program

Through our industry unique, Campus Check-In Program, Get College Going with reach out periodically to first year students to listen and where needed provide guidance and direction to overcome first year student jitters and challenges. Bumps along the way can be academic or social, but seeking out resources can be equally challenging.

Our Goal

The Campus Check-In Program is designed to provide independent and unbiased mentoring and coaching directly to the student. Through this opt-in program, student and parents stay connected, work together and celebrate the successful transition to college.

Sending a student to college is a new experience. Making it success and exciting for all is our goals!
